NATIONAL PORT AUTHORITY 2017 INCREASES

SCT are actively seeking clarity on the port increases due for 1 April 2017. As has been the case for many years we generally get confirmation of these increases a few days before March month end which is not enough time for us to plan effectively not communicate the same with our clients. Although we cannot at this stage officially confirm the below, we have seen the following published today on the South African Association of Freight Forwarders (SAAFF) website and share with you. We will endeavour to get official confirmation early next week.

“Hot off the press from the Ports Regulator announcement re National Port Authority tariff for 2017 / 2018 financial year. The NPA originally applied for an overall increase of 8.02% made up of: 13.25% on marine charges, 8.3% on all bulk cargo dues, 5.0% on container cargo dues, 5.0% on automotive. The Regulator has approved an overall increase of 5.97% made up of 7.9% on marine charges, 6% on bulk and break bulk cargo dues, 4.9% on container cargo dues, 3.9% on automotive cargo dues.”

We thank you for your continued support and partnership
